CURRICULUM VITAE

YIMIAO ZHOU

PERSONAL INFORMATION

Date of Birth	April 2004
Gender	Female
Email	zhouym22@mails.tsinghua.edu.cn
Affiliation	Qiuzhen College, Tsinghua University

RESEARCH INTERESTS

My research interests center on arithmetic geometry, especially Shimura varieties and compactifications of arithmetic locally symmetric spaces. I am currently exploring questions surrounding the Harris-Zucker conjecture, with particular emphasis on the relationships among Borel-Serre, toroidal, and Baily-Borel compactifications and their cohomological and Hodge-theoretic structures.

EDUCATION

Tsinghua University - Qiuzhen College, Beijing, China **Sept. 2022 - Present**

Mathematics and Applied Mathematics (Yau Mathematical Sciences Leaders Program, eight-year integrated program)

Research mentor: Prof. Xu Shen, Morningside Center of Mathematics & Institute of Mathematics, AMSS, Chinese Academy of Sciences

Qualification: Passed the program's doctoral-track qualifying examinations in algebra and physics.

HONORS AND AWARDS

Outstanding Student, Tsinghua University **2026**

Team Competition Finalist, 16th S.-T. Yau College Student Mathematics Contest **2025**

Team Competition Distinction, 15th S.-T. Yau College Student Mathematics Contest **2024**

Tsinghua Xuetang Talent Program Scholarship **2023 - 2025**

Tsinghua University Comprehensive Excellence Scholarship **2025**

Noether Academic Award, Qiuzhen College, Tsinghua University **2025**

SELECTED SEMINARS AND SUMMER SCHOOLS

Canonical Integral Models of Shimura Varieties - organized by Yihang Zhu and Roy Zhao **2025**

The Mordell Conjecture - organized by Yichao Tian and Yihang Zhu **2024**

Summer School on Frontiers in Topology, Yau Mathematical Sciences Center, Tsinghua University **2024**

General Relativity, Qiuzhen College, Tsinghua University **2023**
